# Guidelines for Wärtsilä Corporate Corner 1on1 Meetings

Each Corporate Corner 1on1 meeting is scheduled for a maximum of 30 minutes. To make the discussion as productive as possible, the following structure is recommended:

**1. Brief Introductions (2-5 minutes)**

Start with a quick round of introductions. Participants will very briefly present themselves, their role, and their organization or research group.

**2. Research Proposal Presentation (up to 10 minutes)**

The researcher(s) will present their research idea or collaboration proposal. Focus on the aspects that are most relevant to Wärtsilä.

**3. Discussion and Exploration (10-15 minutes)**

Reserve sufficient time for discussion. The primary goal is to gain a deeper understanding of Wärtsilä's needs, challenges, and areas of interest. Focus on identifying common interests and shaping a potential collaboration that benefits both the researchers and Wärtsilä.

During the discussion you may:

- Ask questions to better understand the Wärtsilä's or researchers' objectives and priorities.
- Identify areas where research expertise could provide value.
- Listen actively and encourage an open exchange of ideas.

**4. Agree on Next Steps (2-5 minutes)**

Before concluding the meeting, discuss whether there is mutual interest in continuing the conversation.

If so, agree on:

- The follow-up actions.
- Responsible contact persons.
- Timeline for the next steps.

A successful meeting is not necessarily one that results in an immediate project idea, but one that helps both parties better understand each other's needs, capabilities, and potential for future collaboration.
